Dear Parents and carers,

This is a copy of a letter being sent out to all schools across Wigan. Please read it carefully as it explains what to do during half term if your child or someone in your family bubble becomes ill.

If your child is currently waiting to take a test or to receive the results of a test, please follow the process of **informing the school if there is a positive result.**

enquiries@admin.nicolmere.wigan.sch.uk

By continuing to let school know if your child tests positive, they can notify and advise you and any close contacts with regards to the length of isolation and the date that your child/close contacts can return to school, to safely ensure that risk of transmission is reduced.

Should your child receive a positive result you should inform school as outlined above and follow the [Stay at home: guidance for households with possible or confirmed coronavirus \(COVID-19\) infection](#). It is very important that you and your child follow the above guidance should your child test positive and isolate for the required period, to help reduce the spread of infection. This includes not attending any play schemes, youth provision, leisure centres or sports activities etc which may have been planned for the school holidays.

Should your child be identified as a close contact of someone who has tested positive within the school, you will be contacted by the school and informed about the required isolation period and date your child can return to school. It is important that you follow the advice and guidance in relation to the isolation period to help reduce the spread of infection.

Thank you and stay safe.
